Increase Housing Manager, managerial pay grade 72 (\$36,605-\$55,047) to managerial pay grade 73 (\$38,047-\$57,215).

Survey data for Housing Managers from municipalities in our survey group indicates that the City lags the market. Job analysis and the position's relationship to other division heads within the Community Development Department supports reassignment to pay grade 73.

The Office of Management and Budget concurs that the fiscal impact will amount to a cost in Personal Services of approximately \$3,000 annualized.

The Personnel & Organizational Structure Committee recommends the City Commission approve reclassifying Housing Manager from managerial pay grade 72 (\$36,605-\$55,047) to pay grade 73 (\$38,047-\$57,215).
