Removal of Items from the RUC Referral List (B)

At their July 9, 2015 meeting, the RUC reviewed the outstanding referrals list and determined that some items had been resolved and should come off the list.

#110783 Green Energy Payments: discussed twice in committee; Community Solar, a form of green energy, is being evaluated with item #130957 Power 2020.

#120126 Glen Springs Restoration: discussed at the 8/13/12 meeting; Item is now being addressed in the RCAPW Committee.

#140360 Connection Fees for Non-Profits - this item is being discussed in the Community Development Committee as part of the ConnectFree program.

#140461 Customer Rate Review Committee - Discussed at the 2/12/15 meeting; this item is being merged with the Governance item (#140384).

#140826 GRUCom Expansion - Discussed at the 7/9/15 meeting; currently there is not an adequate return on investment (ROI) to justify the extension of fiber to residential customers beyond the MDU market; GRUCom will continue to review opportunities on a case-by-case basis as requested by developers or owners to ensure an adequate ROI.

The RUC recommends removal of Items #110783, 120126, 140360, 140461 and 140826 from their outstanding referral list.
