Comprehensive User Fee Study - Recreation & Public Works

At its November 1, 2000 meeting, the Audit and Finance Committee heard an overview from staff on the Comprehensive User Fee Study prepared by DMG Maximus. The study encompassed a review of the fees levied in four areas: Planning, Recreation & Parks, Public Works, and Building Inspections. At that meeting it was decided that staff would review the results of the study in detail with appropriate department personnel, and return with staff recommendations for each area over the course of several Audit and Finance Committee meetings held specifically for this purpose.

Hear a presentation from staff on the status of the Recreation and Public Works fees.
