Regional Utilities Committee Referral Item #090405 - Utility Permits in Relation to Senate Bill 360 (B)

This item is in regard to a referral to the Regional Utilities Committee concerning Senate Bill 360. In recognition of the current real estate market conditions and the enactment of Chapter 2009-96 Laws of Florida (SB 360) signed by the Governor on June 1, 2009, the issue of extending Utility Construction Permits was discussed by the Regional Utilities Committee (RUC) on October 8, 2009. At the meeting the RUC voted to send Utility staff's Utility Construction Permit Extension Policy recommendation to the City Commission with the intent of receiving any additional feedback from the community during the City Commission meeting to consider adoption of the proposed policy.

The City Commission accept the Regional Utilities Committee's recommendation to adopt the proposed policy for Utility Construction Permit Extensions and remove this item from the referral list.
