Other proposed amenities include landscape material, stormwater facilities, utilities, lighting, off-street parking, sidewalks, and signage. This petition also involves the approval of density bonus points that will allow the applicant to build the proposed development at a density of 28.96 dwelling units per acre.

The property is 2.90 (MOL) acres in size and located on the north side of SE Hawthorne Road (SR 20), just east of SE 24<sup>th</sup> Street. The property is currently undeveloped and heavily vegetated with trees.
