Codes for Older Buildings and Improvements to Personally Owned Property (NB)

At the January 16, 2001 Community Development Committee meeting, the Committee heard a report from Doug Murdock, Building Official. Mr. Murdock discussed codes for older buildings and improvements to personally owned property. He explained that he did not believe the State would favor changes in existing law which required a contractor's license for improvements on non-owner occupied houses.

The Committee requested that the item be removed from the referral list.

None

The Community Development Committee requests that the City Commission remove this item from the referral list.
