#### STAFF REPORT

This ordinance will amend the Land Development Code to allow Subsistence Gardens and Urban Market Farms as permitted uses in certain zoning districts with associated regulations. These uses would be permitted by-right or would require approval of a Special Use Permit, depending on the particular use and the zoning district. Associated use standards are provided in order to mitigate for potential impacts of the use. The City Plan Board held a public hearing on January 28, 2021, where it voted to recommend approval of this amendment to the Land Development Code. This ordinance requires two hearings and will become effective immediately upon adoption.
