### **Request for Proposal (RFP) Broadband Business Plan Strategy (B)**

During the discussion, the City Commission wanted to address the issues with low-quality broadband, costs of broadband, and the digital divide.

To that end, staff prepared a Request for Proposal (RFP) that was released by the City's Purchasing Division on 11/04/2020. A diverse staff evaluation team reviewed proposals from two (2) entities submitted consistent with the City's procurement regimen.
