### Contract for Limerock (B)

The Public Works Department's Operations Division purchases approximately 10,000 tons of limerock material per year for use in roadway base construction and stabilization. Materials purchased must conform to FDOT Standard Specifications.

The Purchasing Division solicited bids from two hundred-four (204) vendors. Two (2) vendors responded with bids. Limestone Products Inc. submitted the low bid.

All purchases will be charged to the appropriate operating budget or capital improvement account.

The City Commission: 1) award a contract to Limestone Products, Inc. to provide limerock material for use in roadway base construction and stabilization; and 2) authorize the City Manager, or his designee, to execute the contract, subject to approval of the City Attorney as to form and legality.
