### **GPD Teen Driving Enforcement Program (NB)**

The State of Florida Department of Transportation has solicited proposals from law enforcement agencies seeking to reduce traffic fatalities and injuries. The Gainesville Police Department will design and implement enforcement campaigns targeting nighttime occupant protection and convenience store alcohol checks. The agency will utilize resources to conduct high-visibility, zero-tolerance enforcement operations at locations identified as having high frequency traffic crashes and/or fatalities.

The amount of the award is \$32,800 and is restricted to overtime payment for law enforcement officers participating in the project. Benefits associated with the award will be incurred by the Gainesville Police Department.

The City Commission authorize the City Manager to apply for, accept, and execute the grant award subject to approval by the City Attorney as to form and legality and approve the expenditures as outlined in the approved grant award.

The City Commission recommends that the Gainesville Police Department not participate in the competition for this award.
