Resolution Authorizing Signatories on Florida Department of Transportation Documents (B)

Staff is requesting City Commission authorization for signatories on documents with FDOT.

From time to time the Florida Department of Transportation (FDOT) enters into various transactions with Gainesville Regional Utilities requiring execution of deeds, licenses, permits, easements and other miscellaneous documents necessary to the performance of its transportation infrastructure responsibilities. FDOT requires that signatories executing such documents be properly authorized by the City. The last resolution accomplishing this authorization was Resolution No. R-86-80 adopted December 15, 1986. Due to the age of that authorization FDOT has requested GRU obtain a more current authorization. The blanket authorization is consistent with current real estate policies.

The City Commission adopt the Resolution.
