Title: Status Update- Biosolids Land Application Site purchase (B)

GRU has been pursuing the purchase of the Whistling Pines Ranch as approved by the City Commission on 7/23/07. Prior to purchase, a Special Exception is being sought from Alachua County to allow the continued land application of biosolids at the Whistling Pines Ranch. Staff will provide an update on the Special Exception process, issues that have been identified through the process, and findings related to the issues raised. We continue to believe that land application of biosolids is a sustainable and cost-effective method for reusing biosolids and want to ensure that the City Commission continues to share that opinion.
