Title: Gainesville Police Department's (GPD) Request to Add Staff (B)

In continuation with the plan to transform the Gainesville Police Department, this agenda item covers Phase II of the Re-organization process. This phase allows the continuation of establishing a culture of transparency and accountability that builds trust with the citizens of Gainesville. Phase II also attempts to address the City Commission's approved plan to become more Citizen Centered. This phase seeks to build trust both within the department and with the public. Toward that end, it is the intention of GPD's guiding principle for internal and external policies to embrace a culture of guardianship.
