Ackerman Report (B)

At their June 7, 2017 Workshop, during discussion of the GREC purchase negotiations, a citizen brought up the Ackerman report, which is the findings of an audit done by independent counsel at the request of the City Auditor. That report was provided to the UAB in the back-up for item number 150562, Options for Consideration of a Forensic Audit of the Biomass Contract, at their May 17, 2017 regular meeting. After a brief discussion with citizens regarding the content of the report, the Board members present agreed to discuss the memo in greater detail at their June 14, 2017 regular meeting.
