CRA Project Summary December 2018 (NB)

As a regular informational item on CRA agendas, Staff provides a brief update on selected referrals, redevelopment projects and development agreements under review. This monthly update is typically a limited sampling of the CRA's many on-going projects, as opposed to a complete list.

CRA Multi-District

Economic Development, Project Manager, Jessica Leonard: On Agenda

Façade Grant Program, Project Manager, Jessica Leonard: The Façade Grant program is a competitive matching grant program that is designed to encourage reinvestment in building facades, specifically those located on highly visible target corridors within each district. Staff is pleased to announce our interactive CRA District Wide Map has afforded the opportunity and empowered multiple area stakeholders to verify eligibility by visually showing address verification. <https://gainesvillecra.com/cra-project-map/> Our newest completed Façade Grants by District; Eastside is 1735 SE Hawthorne Road being reimbursed for \$10,000. Downtown has experienced the addition of two different murals and façade renovations finishing up at The 204 Building and Florida Theater. Fifth Avenue Pleasant Street has seen the remodel of the third generation Plummer's Barber as they are nearing their 100th year anniversary as a family business. College Park University Heights has three façade grants that just completed this month that focused on creating outdoor spaces to enjoy First Lutheran Church, St. Augustine Catholic Church, and Pascal's Coffee. We currently have numerous façade grants underway at various stages throughout our four (4) redevelopment areas as they work to complete projects.

Residential Paint Voucher Program, Project Manager, Jessica Leonard: The Residential Paint Program now provides applicants pressure washing with an increased amount of up to \$750 to be used for the exterior painting of their home.

Eastside has twenty- three (23) homes painted to date in the area and ten (10) pending completion of paint this month. We recently shared the Paint Program again on the Gainesville East Marketing site to create awareness of resources and programs within our City.

Downtown has seen thirteen (13) homes painted to date and one (1) pending completion of paint this month.

Fifth Avenue Pleasant Street has twenty-three (23) homes painted to date and two (2) pending completion of paint this month.

Innovation Square, Project Manager, Dan Gil: The CRA continues to serve as a participant in the many on-going private public partnership discussions between the University of Florida Development Corporation (UFDC) and private development. On September 17, 2018, the CRA Board approved the public private partnership associated with the 800 Second at Innovation Square building for the northern extension of the SW 9th Street public walkway from SW 2nd Ave. to SW 1st Ave. Staff is currently drafting the development agreement with Concept Companies, the project developer. Construction on the public walkway project is projected to begin in January 2019 and is expected to be completed by April 2019. CRA Staff will provide project updates while construction is on-going.

South Main Street, Project Manager, Andrew Meeker: Construction continues on the three quarter mile section of South Main Street with complex underground utility work and hardscape improvements such as sidewalks and curbing. New traffic patterns are in place that incorporate the new roundabout as well as the reverse angle parking at Depot Park/Cade Museum. Currently spectators of the project can view some of the decorative street lights being placed as well as several landscape planters being completed. Driveway tie-ins are underway and the large live oak was recently installed in the roundabout.
