Constructed in 1955, this mid-century ranch style house is typical of the housing of the period.

The applicant is seeking to install an 8' x 14' cypress trellis screen and a 4' x 2.5' cypress screen, painted white. This proposal is coming before the board due to the height/ prominent location of the trellis.

Staff finds that the requested action, as presented, is consistent with the Secretary of the Interior's Standards, and the Historic Preservation, Rehabilitation, and Design Guidelines.

Staff to the Historic Preservation Board - **Approval of HP-20-42.**
