Intergovernmental Coordination and Review and Public Transportation Collaborative Agreement Update (B)

The MTPO's existing Intergovernmental Coordination and Review and Public Transportation Coordination Joint Participation Agreement was last updated by the participating parties to the Agreement in 2007. The primary purpose of this Agreement is to have operators of public transportation systems agree to cooperatively participate in the planning and programming of transportation projects.

The City Commission authorize the Mayor and City Attorney to execute and the Clerk to attest the Intergovernmental Coordination and Review and Public Transportation Collaborative Agreement, and for staff to send the updated Agreement.
