GRU FY16 Budget (B)

Staff will present a proposed FY16 budget and rates for the Commission's consideration.

The utility rates recommended within the presentation are forecast to provide the revenues, approximately \$408 million, required to operate the utility in FY16.

The City Commission hear presentations from staff and direct the City Attorney to draft and the Clerk of the Commission to advertise an ordinance to adopt the recommended rates and charges for Electric, Water, Wastewater and Gas.
