Modify the Eastside Redevelopment Advisory Board Guidelines & Procedures to Hold Meetings on the Second Tuesday of every month (B)

Over the past year, two major transformative projects have gone under construction in the Eastside Redevelopment Area. At the October 9, 2018 meeting, the Eastside Advisory Board moved to increase the frequency of their meeting to meet on the second Tuesday of each month.

The Advisory Board agreed that due to the increased activity, the complexity of the current projects, and other factors, a monthly meeting would be appropriate. The proposed amended Eastside Advisory Board bylaws were approved at the December 11, 2019 ERAB meeting.
