Eastside Redevelopment Advisory Board (ERAB)

Cornerstone Phase 1 Development, Project Manager, Andrew Meeker: Construction of the Phase 1 Infrastructure Site Improvements and the Merieux Nutrisciences' building is complete and open for business; bringing approximately 70 new employees to the Gainesville East area. Merieux has decided to postpone their Open House Event until a yet to be determined date. The Condominium Association for the entire Cornerstone development is complete and Avison Young is actively advertising the additional development opportunities. <https://www.avisonyoung.us/properties?enableCookie=true&propertyId=432966-sale>

Gainesville East, Project Manager, Tricia Lopez: Gainesville East is a marketing and branding effort to bring attention to the exciting new developments taking place in eastside. Staff is collaborating with community organizations and other agencies in order to maximize each other's reach and effects, including the Greater Duval Neighborhood Association and GPD. In the meantime, banners, signage and other materials are available and helping spread the word about the history and opportunities in the District. Staff has been focusing on the development of a communications strategy for the Heartwood neighborhood and in marketing materials to attract new businesses to the district. In the future the team will continue to pursue potential partnerships for the full build out of a website and supporting materials for the umbrella campaign.

Heartwood, Project Manager, Daniel Gil: On Agenda

Downtown Redevelopment Advisory Board (DRAB)

Downtown Plaza, Project Manager, Nigel Hamm Bo Diddley Plaza continues to offer free Yoga and Capoeira classes during the week. <https://www.facebook.com/events/254097595305686/>

Power District, Project Manager, Andrew Meeker: At the July 15, 2019 meeting, the CRA Board approved a motion for Staff to return to the City Commission on October 2, 2019 to discuss the Pros versus Cons of expanding the boundary of the Power District to include the GRU Administration Building property as well as land on the Kelly Power Plant associated with Sweetwater Branch Creek daylighting. Defining the project limits and boundary of the project is a critical step prior to re-advertising the development solicitation. Staff is now conducting additional meetings with key stakeholders in preparation for the October City Commission presentation.

College Park University Heights Redevelopment Advisory Board

Innovation Square, Project Manager, Dan Gil: The CRA continues to serve as a participant in the many on-going private public partnership discussions between the University of Florida Development Corporation (UFDC) and private development. On September 17, 2018, the CRA Board approved the public private partnership associated with the 800 Second at Innovation Square building for the northern extension of the SW 9th Street public walkway from SW 2nd Ave. to SW 1st Ave. Staff is currently executing the development agreement with Concept Companies, the project developer. Construction on the public walkway project began in late February early March of 2019 and is expected to be completed by the Summer of 2019. CRA Staff will provide project updates while construction is on-going. The southern extension of the SW 9th street corridor has been completed as well as the undergrounding of utilities along SW 4th Avenue.

South Main Street, Project Manager, Andrew Meeker: On the Agenda

Fifth Avenue Pleasant Street Redevelopment Board

Heritage Trail, Project Manager, David Roque: With the addition of a new CRA project manager, Staff is advancing the project by contracting with a consultant to bring the project closer to implementation. As the trail route has been defined and the majority of the landmarks identified, the project will conduct necessary land surveys, wayfinding signage design, site planning, cost estimating, and community engagement to refine the details before entering in the construction document phase of the project. Staff also plans to work on engaging a Construction Manager to begin vetting construction magnitude, schedule, and cost estimating.
