### **Utility Advisory Board's Draft Energy Policy for the City of Gainesville (B)**

The City Commission and UAB met jointly on October 30, 2018, to discuss the UAB's draft work plan. The Board expressed the desire to focus on creation of an energy policy for the City of Gainesville and the Commission agreed. The UAB held a series of workshops to work on crafting the policy document and presented the draft to the City Commission in a joint meeting on April 23, 2019. The Commission received the presentation and gave direction for the Board to continue their work. Since that time, the Board has discussed the policy document at each of their monthly scheduled regular meetings and their monthly scheduled workshops. They continued their work at their workshop on October 16, 2019 to prepare for a joint workshop with the City Commission on October 22, 2019.

Following Chair Selvester's presentation at the joint UAB/City Commission meeting on October 22, 2019, the Commission gave direction to have both GRU and GG staff do an analysis of the energy policy for potential impacts on operations and bring it back for further discussion.

None at this time.

Discuss and take any action deemed appropriate.
