Audit Report - Cybersecurity Readiness Review (B)

The Cybersecurity Readiness Review was included in the City Auditor's 2020 Fiscal Year Audit Plan, Resolution # 190633, approved by the City Commission on December 5, 2019. Multiple Florida local government organizations have been attacked by Ransomware in the last few years. Due to increased cybersecurity risk, the City Auditor's Office conducted a readiness review of the City's Cybersecurity governance and control environment. Please note that details of the security-related observations are exempt from disclosure under Florida Statutes and are not included in the overall public report.

The Audit and Finance Committee recommends the City Commission accept the City Auditor's report.
