Discussion of Topics for Future Meetings (NB)

Staff and Committee members will discuss future topics for the Zero Waste Subcommittee.

As the Zero Waste Subcommittee meets more often, there is a need to identify topics in advance so that staff can prepare adequately.

Staff is currently recommending that Construction and Demolition Debris be the next topic. Other future topics may include: Commercial Recycling, Multifamily Recycling, Curbside Recycling, Bulk Waste Processing, Student Move In and Move Out, Event Recycling, Alternative Fuel Options.

There is no fiscal note associated with this item.

The Zero Waste Subcommittee: 1) discuss future topics; and 2) a schedule for future meetings.
