Appointment to the Pension Review Committee (B)

The Pension Review Committee (PRC) has had a vacancy since October 2020. At their March 25, 2021 meeting, the PRC created a Screening Sub-Committee comprised of three PRC members to review the PRC applications (as allowed per R-83-38 Section 2a) for the vacancy. Additionally, applicants were invited for interviews with the PRC during the March 25, 2021 meeting. At the conclusion of these interviews, the PRC made a motion to recommend to the Board of Trustees that they not appoint a member to the PRC from this pool of applicants due to their limited experience and that the City continue to advertise for the PRC vacancy.

The Board of Trustees for the General Employees' Pension Plan discuss appointments to the Pension Review Committee and take appropriate action.
