Gender Pay Equity (B)

Since the second half of the 20th century, women's labor force participation has grown significantly. However, despite this progress, significant wage gaps between men and women persist. This discussion should help us better understand Gender Pay Equity and its impact on women.

Note: This item is in reference to File 200749 (Charter Officer Pay Equity) from the January 20, 2021 meeting. The General Policy Committee discuss and take any action deemed appropriate.
